CLA OPHEST

The class of 1957 meets again after 20 years, at the gymnasium at the University of Oneida. We see Mr. Whitney greeting everyone with the cheerful smile he did 20 years ago along with the rest of the faculty, Mrs. Whitney, Mrs. Powers, and Mrs. Jones. The only athletic ability Mr. Jones has now is juggling his money.

We see Robert Allen who is now President of the B. F. A. and the only Bachelor governor of Kansas. The State Capital has been moved to Oneida for his convenience. Oneida now has a Population of 6,000,000.

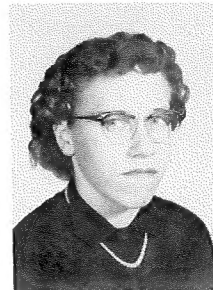

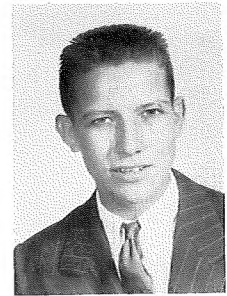

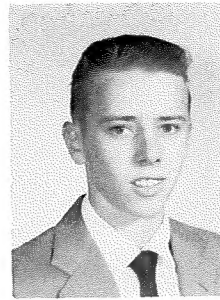

Eldon Plattner is the next to arrive, he took Mr. Whitney's advice on being a large scale farmer. He now owns the state of Kansas. He is still a Republican but he threw his support Bob and helped get him elected. He and his 10 sons run the state with ease. He is the class motto, "Don't Equal It, Better It."

Ruth Kuster is now coming in the door. She and Dave just flew in from New York City where Dave is now a five star general. He is in command of the United States forces. Ruth and Dave finally moved out of their cave in Kansas and bought a beautiful penthouse in New York.

Jeanie Holshweier is just returned from Alaska. They were touring to see if they could find any gold, even though they don't need it. They own a beautiful ranch in Dubois, Nebraska.

Rex Allen was the last to arrive. He always wanted to own a Cadillac. Now he owns the factory and designs them the way he wants them. Rex is now married to Audrey Kugburn. He is residing in California near the beach.
